

# Consumer Solutions for Convenience

Dear Friends,

I have recently been introduced to an opportunity that I thought might interest you. With time at an ever-increasing premium, consumers are looking for solutions to make their lives more convenient. We have a solution that offers consumers the streamlined shopping experience they're looking for.

This solution provides consumers with greater convenience by harnessing the power of new and emerging

**technologies. We show consumers just like you how to most efficiently access the products and services you use every day. As a result, you may experience a savings in both your valuable time...and money.**

**Through affiliations with one of the world's largest e-commerce portals, we introduce you to the ultimate in shopping convenience.**

**Imagine having access to the products and services your family uses on a daily basis, right at your fingertips. Imagine a shopping experience with:**

- **NO Driving**
- **NO Traffic**
- **NO Parking**
- **NO Weather**
- **NO Crowds**
- **NO Lines**
- **NO Fuel Expense**
- **NO Vehicle Maintenance Expense**
- **the list goes on...**

**What used to take an hour or more can now be done in as little as 5 minutes. If you spend, on average, 2 hours a week shopping, that adds up to more than 100 hours a year. Imagine reducing that to less than 10 hours a year. That's like getting 4 days of your life back every year,**

**year after year. What would you do with an extra 4 days a year?**

**Offering you, the consumer, everything you need from one convenient location...your home. At the e-commerce portal, you will find thousands of name brand products and services from hundreds of the companies you know and trust, all available right at your fingertips. Just a few of the partner stores affiliated with the e-commerce portal are Barnes & Noble, Circuit City, and Office Depot. You can even have the everyday stuff you need, like kitchen, bathroom and laundry room products,**

**automatically delivered to your door when you need it.**

**Best of all, the benefits don't stop there. You can even choose to earn profits and bonuses based on the purchases that have been made by those you've referred. It's all about what you want... So, whether you are just looking for the convenience of online shopping or you would like an additional stream of income, we have got just what you need.**
